available or where the particulars available are in the opinion of the Jagir Administrator, incorrect in material respects, the average annual gross revenue shall be calculated in such manner as may be prescribed."

The power to calculate the average annual gross revenue is going to be delegated by adding this proviso. Therefore, there is delegation of legislative power to the Government and as per rule 69, a Bill involving proposals for the delegation of legislative power shall further be accompained by a memorandum explaining such proposals and drawing attention to their scope and stating also whether they are of normal or exceptional character.

The second objection is that though a financial memorandum has been appended, it is not in accordance with rule 68 (2) which says :

"Clauses or provisions in Bills involving expenditure from public funds shall be printed in thick type or in italics ;"

Such a thing has not been done. Therefore, the publication itself is not according to the rules.

These two objections may be taken into consideration before the Bill is introduced.

It is also stated on page 6 that the application of the amounts paid to a religious or charitable institution under sub-section (2) shall be effected in such manner as may be prescribed.

Sri H. V. KOUJALGI.—All these questions will not arise at the time of introduction.

Mr. SPEAKER.—Under the Rules, when there is delegated legislation, a Bill must be accompained by the requisite memorandum. The Hon'ble Minister may consider this matter. As regards printing it in italics, etc., that cannot be a serious lacuna.

City of Bangalore Improvement (Second Amendment) Bill, 1967

Introduction

Sri H. C. BORIAH (Deputy Minister for Transport).—Sir, on behalf of the Minister of State for Minicipal Administration, I beg to introduce the City of Bangalore Improvement (Second Amendment) Bill, 1967.

Sri M. NAGAPPA.—Sir, I have got an objection to its introduction. Already this House is seized of the Urban Development Bill which has been referred to a Joint Select Committee and this particular bill is sought to be repealed under that bill. If this bill is now taken into consideration, it will be taken as if it is still alive. These two things cannot go on simultaneously.

Mr. SPEAKER.—Your objection may be taken up at the consideration stage. The Hon'ble member may advance your arguments then.

Sri M. NAGAPPA.—At that time it should not be said that my objection has been overruled.

Mr. SPEAKER.—It is not overruled. It is a question of doing certain things at proper time and logically. If the hon. Member thinks that since there is already one Bill before the House and the present Bill will be inconsistent with that, then it will be a matter for the House to accept the one and reject the other. Hon. Member may advance that argument at the consideration stage.

The City of Bangalore Improvement (Second Amendment) Bill, 1967, is introduced.

Mysore Gift Goods (Unlawful Possession) (Amendment) Bill 1968.
